The Tariff Plank.

"We denounce the McKinley tariff law enacted by the Fifty-first Congress as the culminating atrocity of class legislation; we denounce Republican protection as a fraud, a robbery of the great majority of the American people for the benefit of the few. We declare it to be a fundamental principle of the Democratic party that the Federal Government has no constitutional power to enforce and collect tariff duties except for the purpose of revenue only, and demand that the collection of such taxes shall be limited to the necessities of the government, honestly and economically administered."

B. K. Bruce, Jr., a nephew B. K. Bruce, the colored leader, has been nominated by the Republicans for Auditor in Kansas.

Cleveland, Stevenson, Harrison and Reid are all Presbyterians and no doubt they unite in believing firmly in the doctrine of election.

The Kansas Republicans have nominated Mr. Smith for Governor and will run him on the platform. "The Smiths must stand together in these days of third parties."

Eighteen Democrats and eleven Republicans voted in the Senate for free coinage of silver and seven Republicans and seven Democrats against free coinage.

Senator Downer very sensibly withdrew his bill to repeal the Christian county registration law, this week. There never was any showing for the bill to get through either House.

The Democratic nominees will be formally notified at New York July 20. They have already heard of their nominations in an informal way and are not being kept in suspense all this while.

Harvey Smith has concluded not to run against Congressman A. B. Montgomery in the Fourth district and two more of the Kentucky delegation—Ellis and Montgomery—now have clear tracks.

The Democratic State Central Committee will hold a meeting in Louisville on Wednesday, July 13, 1892, for the purpose of adopting rules for organizing county committees, and arranging for the Presidential campaign.

The astronomer state that on the night of Aug. 5th next the planet Mars will reduce the distance between us and him from 141,000,000 to 35,000,000 miles. As this is still quite a step the nervous need have no fears of a collision.—Interior Journal.

The Henderson Gleaner says that the N. N. & M. V. and O. V. Railroads are both offered for sale by Mr. Huntington and the B. & O. or Erie road may become the purchaser. Under the present constitution a competing line cannot buy it.

Senator Farwell's letter calling attention to the fact that President Harrison refused to appoint W. J. Campbell to an office three years ago because he was a "professional lobbyist" had the effect of knocking that gentleman out as Chairman of the Republican National Committee. He has promptly resigned on account of the "press of business matters."

Senator Hill has at last been heard from and his words have the true ring about them. In a letter to Tammany he says: "Our course at the present time is plain. The Democracy of New York in the approaching struggle should present a solid front to the common enemy. Loyalty to cardinal Democratic principles and regularly nominated candidates is the supreme duty of the hour." New York is all right.

The labor troubles in Pennsylvania led to a battle between Carnegie's hired detectives, 400 strong, and the locked out workmen, Wednesday, in which 12 workmen and 9 detectives were killed and twice as many wounded. The Pinkerton guards were finally defeated and captured and placed in the Pittsburgh jail. The crowd of workmen was estimated at 8,000. Gov. Pattison declined to interfere in the matter. This affair is a convincing object lesson of the beauties of protection that workmen will not fail to make a note of.

The Council and Judge Brown.

The City Council at its meeting Tuesday night re-opened the charges against City Judge M. D. Brown (of malfeasance in office) and adopted a resolution over the protest of Mayor Withers, suspending him and citing him for trial July 25. The suspension is not to interfere with the discharge of his duties in the meanwhile. It will be remembered that the Council last winter investigated and passed upon this matter. The Board then made a satisfactory settlement with Judge Brown, decided that it had no power to remove him from office and arrested and held him to answer before the grand jury. The grand jury in March dismissed the charges against him, the September grand jury having also failed to take action on the same charges. As Judge Brown has already answered before three tribunals, there appears to be no good reason for a further agitation of the matter. It was re-opened upon charges preferred by one Republican member and argued by the other, while the Republican City Attorney is pressing the matter with more than ordinary zeal. As the Council can only fill vacancies till the next election, and as Bob Lander, Judge Brown's colored opponent, has never been satisfied with his defeat in 1890 by the narrow margin of 21 votes, and would probably like to make the race again, the activity of his friends is readily understood. The vacancy would have to be filled by election for two years, as the new charter, not yet adopted, will not go into effect until 1893. Judge Brown was elected by the united efforts of all the Democrats, who succeeded in overcoming a Republican majority of 200 and the Democrats of the city do not look with approval upon the continued agitation of this matter, which is evidently being engineered for the double purpose of harassing Judge Brown and getting a Republican into the office he holds before the new charter, which provides for an appointive judiciary, goes into effect. Taking this view of the matter, the Kentuckian deprecates the action of the Council in again re-opening this question, since it seems no good to be accomplished by such a course.

Judge Brown is performing his duties to the satisfaction of the general public and making his office pay a handsome revenue to the city, something unheard of heretofore. Unless the Democrats on the Council want to play into the hands of the Republican minority, they would do well to stop any unnecessary agitation of a matter largely personal and one that has been settled, it was hoped at the time, to the satisfaction of all concerned.

These observations are made not as a champion of Judge Brown, but for the good of the people, who must look to Democrats only for a proper conduct of city affairs. We have had enough experience with Republicans in office and it would be a public calamity to again turn over to them the city government in any of its departments.

Ellis a Candidate.

WASHINGTON, D. C., July 2.—1:35 p. m.—The following dispatch was sent to-day to Urey Woodson, chairman of the Democratic Congressional committee for the Second Kentucky district:

"The Democratic party has twice honored me by electing me to Congress. I understand a desperate effort will be made to defeat the party in the district in November. Under the circumstances I am a candidate and would esteem as its highest honors to again receive the party's nomination. Whether I, or another, shall be nominated, let us clear the decks and see to it that the cause of Democracy, which is the cause of the people, will triumph in the old Second at the November election. W. T. ELLIS."

One View of it.

The Washington Post sizes up the situation this way:

"The electoral college this year will have 444 votes, so that the successful Presidential candidate must secure at least 203. The Democrats count the 159 votes of the solid South, made all the more solid this year by the Republican plank in favor of a force bill. They expect 10 votes from New Jersey, and the Republicans concede them at least 4 in Michigan. If they can get 6 in Connecticut and 15 in Indiana, they will have 194 votes so far. New York's 46 votes would then make 240 and elect, with 7 to spare."

Soldiers' Reunion July 4th.

At an informal re-union of ex-federal soldiers held at Chalybeate Spring, 44 miles north of this city, July 4, and in commemoration of the day, the following steps were taken looking to the future observance of this sacred national holiday.

The comrades being assembled, the following resolutions were offered and unanimously adopted:

WHEREAS, We regret to see in late years that the American citizens of this section are permitting this most sacred day to pass unheeded and unrecognized;

WHEREAS, We deem it most fitting and proper that the federal soldiers of the late unhappy war, the soldiers who have for all time confirmed and executed the liberties and unity of the republic for which their forefathers fought, should call the attention of their fellow-citizens to a proper observance of this day, therefore be it

Resolved, That we, the ex-federal soldiers of this vicinity, now organize ourselves into an association to be known as the Western Kentucky Association of Ex-Federal Soldiers.

Resolved, The purposes of this Association are to promote loyalty, fraternity and exalted patriotism and to urge upon all the proper and patriotic observance of this day as the seal of their devotion to the country and to revive among the people, especially the young people, that spirit of patriotism that characterized the founders of the republic.

Resolved, That each succeeding year on the 4th day of July we meet in loyalty to our country and its flag and with all proper and appropriate exercises observe this day and in the event it should fall on Sunday that we shall then meet on the Saturday preceding.

Resolved, That the officers of this Association shall consist of a President, Vice President, Secretary, Asst. Secretary and Treasurer.

Resolved, That the newspapers of Hopkinsville and Western Kentucky be requested to publish these resolutions and proceedings had this day, and correspondence is solicited from all similar organizations looking to a grand demonstration and reunion of all ex-federal soldiers and true patriots of Western Kentucky, at some early future 4th of July.

Resolved, That the officers of this association be elected at each reunion and for the period of one year.

On motion A. H. Anderson, of Hopkinsville, was chosen President, M. B. Brown, of Crofton, Vice-President, C. A. Brasher, of Hopkinsville, Secretary, T. E. Lawson, of Hopkinsville, Assistant Secretary, and Mc J. Davis, of Hopkinsville, Treasurer.

W. H. Sizemore, B. M. Powers, T. C. Tinsley, S. H. Harrison, and J. W. Marquess, with A. H. Anderson, ex-officio chairman, were chosen as a committee of arrangements to do all proper and necessary things to insure the success of the next meeting.

On motion Chalybeate Spring was chosen as the place of the next reunion and all ex-federal soldiers with their families, the widows and orphans of soldiers and all patriotic citizens are requested and urged to attend and contribute to the success of the association. The following ex-federal soldiers were in attendance.

Tammany is Pledged.

New York, July 5.—The Tammany Committee of Twenty-four met this afternoon and endorsed the platform of principles enunciated by the Chicago Convention, and pledged its earnest support to the nominees of that Convention—Cleveland and Stevenson.

Weaver and Field.

The Third Party Convention at Omaha July 4 nominated Gen. James B. Weaver, of Iowa, for President, and Gen. James G. Field, of Virginia, for Vice President. The Convention clung to the hope that Judge Gresham would accept almost to the last, and it was not until a telegram was received from him during the night session that his name was dropped. The platform is about the same as the one adopted in St. Louis in February.

Weaver is the same man who ran for President as a Greenbacker eight years ago. He has been in every party started from the days of Know-nothingism to the present day and is a very weak candidate. If he has ever been on the right side of any question of late years, the fact has been carefully concealed from public knowledge.

Personal Comfort is the Motto of the Personally Conducted Parties to the Seashore.

It used to be that one would hesitate a long time before joining any excursion, for fear of being made miserable and uncomfortable, but the personally conducted parties of the popular C. & O. Route have inaugurated a new era, and now under a personal escort, every courtesy and attention is shown the passengers, and they feel assured of every comfort. Every passenger occupies his berth in the sleeper, is carefully waited on by an attentive porter, is run through on schedule time, and assigned a room at the Hygeia Hotel before arrival, so as to avoid any rush. What more could be asked? Ladies who have no escorts need have no fear about joining the party as, they will be especially looked after and extra care will be taken to see that they lack for nothing. Thursday Aug 4, is the date, and \$16 the cost of round trip tickets. Make early application for sleeping car berths.

Lynching Needed in Graves.

Patron Graphic.

Last Saturday Mrs. James Burge, the wife of a farmer living near Mayfield, was assaulted by a brutal negro, but the particulars are too revolting for publication. Leon Cobb, a negro living near town, was arrested for the crime, and the evidence against him is very strong. His trial will come up to-day, and if he fails to clear his skirts of the infamous crime Mayfield will have a hanging bee. The rope is the only remedy that should be used in such cases and its persistent use will certainly affect a cure after awhile.

Boiler Explosion in Calloway.
